## Amble First School PE Funding 2017 – 2018

## Sport Premium Sustainability

Wherever possible the PE and Sport Premium is used to create sustainable improvements in PE and School Sport by:

- Upskilling Staff
  - opportunities to develop staff skills, knowledge and confidence which will impact on future cohorts of children
- Community Links
  - creating meaningful links between the schools and community clubs where coaches deliver in schools, children are taken to the club for School Games competitions or children are supported to transition into community sport
- Health & Well-Being
  - the development of Sports Leaders, School Sport Organising Crews and the provision of alternative activities such as skipping and hulahooping have increased physical activity in school playgrounds. Trained leaders and teachers have created sustainability for the future
- Partnership working
  - Thirteen Ashington and Coquet School Sport Partnership schools working together has built a strong, sustainable network where ideas are shared, support is offered and schools collaborate to offer their pupils the best opportunities they can.

Some of the activities, programmes and support we are able to provide with the Sport Premium would not be sustainable without further funding or passing on the costs to the pupils.

## Overall aims:

- To develop leadership skills in older pupils
- To deliver a broad and balanced PE curriculum with an emphasis on physical literacy

• To focus teachers on raising pupil achievement and developing their skills throughout school

• To increase the engagement of staff and pupils in a range of PE, outdoor and sporting activities
