

King Edwin Primary SEND Newsletter

Spring 2026

Welcome to our new SEND newsletter!

This newsletter is designed to support all of our parents and carers, but particularly those who have children with special educational needs and/or disabilities. We aim to share useful information, updates, and practical ideas that you can use at home and school.

If you have any questions about the needs of your child or the support available at school please do not hesitate to contact your child's class teacher or the school SENCO (Mrs Donaldson).

School Nurse Support

King Edwin Primary School offers additional support for both parents and pupils through the My School Health team. Our school nurse, Ciara Drape, visits school weekly. Parents and pupils can be referred via your child's class teacher. Ciara offers support for a whole host of parenting issues such as bedtimes, toileting and behaviour as well as working one to one with children for concerns around anxiety, mental health and wellbeing, grief or changes in family circumstances.

SEND targets Reviews

Parents of children on the school's SEND register are offered an additional meeting with school staff once each term. These meetings provide an opportunity to review progress and update individual targets on pupils' school passports and support plans.

Parental involvement is essential in ensuring that targets are appropriate, meaningful, and tailored to each child's needs, so we strongly encourage parents to attend. Meetings usually take place towards the end of each term, and your child's class teacher will contact you to arrange a convenient appointment.

Autism Family Drop in Sessions

Did you know the Northumberland County Council SEND team holds regular Autism family drop in sessions?

Children do not need to have a diagnosis for parents to attend these sessions and professionals are available to offer support and guidance to all families.
