

## Learning Logs

Dear Parents,

To help support your child's learning at school we are sending home our learning log tasks. Please send a photograph of their work to school via tapestry. Work does not need to be written, children can choose to complete the tasks in any way they like! Your learning log task may be completed with a walk in the woods or baking in the kitchen - it all depends on the task and your child's ideas. Simply upload photos of their task to tapestry and they will receive class points for all their hard work!

I have included a list of learning log activities that are linked to our current topic, please choose one activity to be completed each week. Each half term a new list of activities and ideas will be sent out. There is no need to complete all tasks, simply choose those which you prefer.

If you have any questions please do not hesitate to ask!
