

Noughts and Crosses PE Home Learning

Can you
play fairly
and play
by the rules?

Time to Learn:

- Mark out a noughts and crosses grid, using chalk, paper or hoops.
- Each player needs five items such as socks or teddy bears. Make sure each player has a different set of items.
- On the command 'go', players race and put one item at a time inside one of the free spaces in the noughts and crosses grid.
- The first player to get three in a row wins.

Take it in turns instead of racing!

This will allow you
time to consider
your next move.

After each go,
you must return
to your starting
point and
perform a
physical activity
before going
again!

Compete against different family members!

Who will be the

champion?
